# **Fair Value Assessment Outcome**

As per our regulatory responsibilities under PROD 4.2, this product has been subject to our Product Governance Process and has been approved by our Product Governance Committeee as offering Fair Value both now and in the foreseasable future

In undertaking the Fair Value Assessment, a wide range of factors were considered including, but not limited to, the following;

- The complexity of the insurance product.
- The nature of the product including key benefits and any limitations
- The characteristics of the target market including policy stakeholders and consideration of customers with vulnerable characteristics.
- The type and quality of services provided to customers.
- The distribution channel including any remuneration information and the expected total price to be paid.
- Appropriate data including claims frequencies, claim acceptance rates, average claim pay outs, loss ratio, customer tenure, cancellation rates and complaints data.
- The likelihood of customers not receiving good outcomes / fair value
- any conflicts of interest and where they arise how they are mitigated

#### **Product Features & Characteristics**

The products within the Rivers, Canals and Broads product family are designed to provide individuals with financial protection in the event that their inland waterway vessel is lost or damaged as a result of fire, theft, malicious damage, or involved in an accident.

It includes third party cover for costs incurred due to injury or damage caused to others, their craft or other property. The products provide cover to all inland waterway vessels including narrowboats, cruisers and yachts that are over 25 feet and under £1million in value and used on the Inland Waterways. All boats must be based within the UK.

These products can cover a number of different types of inland vessel including:

Narrowboats (Canal Boats)

Cruisers

Tugs

**Barges** 

Cover includes loss or damage (including accidental damage), as well as £3 Million third party and passenger liability as standard, cover for theft of equipment from the outside of the boat as well as from the inside, personal accident cover for owner and guests onboard. Customers also have the option to add additional cover for Liveaboard Contents and Personal Liability insurance.

#### The Customer need which is met by this Product

The Rivers, Canals and Broads product family is aimed to provide cover to boating enthusiasts looking to insure their narrowboats, cruisers and yachts that are used for private pleasure use only on the UK Inland Waterways.

# Target Market - Customer whom the Product has been designed for

This product Is suitable for individuals:

- Who are a UK resident with their permanent residence being with the UK, Isle of Man, or Channel Islands.
- Who own a narrow board, cruiser or yacht that is to be used on British Inland Waterways only.
- Whose craft is based in the UK on British Waterways, Broad Authority or Marina mooring.
- Who own a narrow board, cruiser or yacht that are typically more than 25ft in length.
- Who own a narrow board, cruiser or yacht which does not exceed the value of £1 Million.
- Who are looking to obtain cover for the variety of risks and damages related to owning and operating a boat.
- Who require use of their vessel for private pleasure use only.

#### Customers for whom this product is unsuitable or would not provide the intended value

This product Is not suitable for individuals:

- Who are not a resident of the UK.

- Who intend to use their vessel outside of British Inland Waterways.
- Who own other types of boats and sailing vessels beyond what is specified above.
- Who are looking to ensure jet skis, personal watercrafts or jet bikes.
- Who require use of their vessel for hire, charter, reward, or any other commercial activity.
- Who own vessels that are registered to anywhere outside UK, Isle of Man, Jersey or Guernsey.
- Who have any unspent criminal convictions or any pending prosecutions.
- Who have ever had insurance refused, cancelled, or offered with terms imposed.

### Notable Exclusions or Circumstances where the Product will not respond.

We recommend that all policy wordings are carefully checked by both the broker and the client to ensure the cover meets the client's requirements and to allow the client to make an informed decision on whether the product is suitable for them.

Copies of our Policy Wordings and Summaries/ IPID's are avaliable upon request. Additionally, we are happy to provide additional training on the product if required

#### **Distribution Strategy**

Our Distribution Strategy, approved by the Executive Committee & Board, is to wholesale products through third party insurance brokers & intermediaries. It is a core part of the MGA strategy to ensure our complex products are sold via regulated intermediaries who provide advised sales. The distribution chain can involve the use of sub delegated authority agreements, panel arrangements, aggregators and any other channels provided these are contractually authorised by capacity and risk assessed as part of our product approval process.

Risk based due diligence Is completed on all third parties in line with our Agents and Third-Party agency process. All intermediaries who transact business with us must meet a minimum level of due diligence and financial checks to maintain an ongoing terms of business agreement (TOBA).

Those who distribute products on our behalf must act in accordance with the customers demands and needs to ensure the product is distributed to the intended target market.

All intermediaries who distribute our products are reminded of their regulatory responsibilities to assess fair value to customers where separate fees are charged and/or premium finance is arranged. This also applies where an add-on product (not manufactured by us) is sold alongside the core product.

If a distributor identifies a product is not providing fair value as a result of the distributor's own arrangements, including remuneration, the distributer is obliged to notify Geo immediately. Geo will then assess the circumstances and take action as appropriate

Commission, fees or charges passed onto the customer must be proportionate to the service provided and provide fair value.

We will from time to time request additional management information from our distributors to support the fair value assessment process. This may include;

The type and amount of remuneration of each member in the distribution arrangement in relation to the core
insurance product including commissions, fees and premium finance charges paid by customers and details of
any additional products sold alongside it.

- An explanation of the services provided by each member of the distribution arrangement.
- Confirmation from distributors that remuneration is consistent with their regulatory obligations.
   Where information is not provided by a distributor, within a reasonable period of time, Geo Underwriting Services Limited reserves its rights to notify Insurers and/ or the FCA.

#### **Product Approval Process**

Product oversight and governance controls are in place for the design, approval, distribution, and ongoing management of products throughout their lifecycle. Our approach to manufacturing, co-manufacturing, and distributing insurance products is underpinned by a set of internal frameworks and controls to ensure we are;

- Providing customers with products and services that deliver fair value and are in their best interests both now,
   and in the reasonably foreseeable future.
- Adhering to regulatory and legislative requirements
- Delivering commercially viable, competitive, and sustainable products.

We maintain and operate an approval process for all of our insurance products, which is proportionate and appropriate to the nature of the insurance product, its complexities, value and associated conduct risk. Significant alterations to our existing products are also subject to the approval process.

# Product Feedback

We strongly encourage feedback from distributors on our products, services and distribution methods to help ensure they continue to deliver value now and for the forseeable future. If you do have any feedback or concerns regarding this product and it's value please contact us via your usual GUSL representative.

**Date of Next Assessment**
